Barry Bloom : Tuberculosis Pathogenesis, Protection, and Control before purchasing it in order to gage whether or not it would be worth my time, and all praised Tuberculosis Pathogenesis, Protection, and Control:

1 of 1 people found the following review helpful. Three StarsBy Beth. TaylorGOOD FOR RESEARCH1 of 1 people found the following review helpful. Everything you ever wanted to know about TB and moreBy Evan the DweezilThis book is a compilation of chapters written by different experts about various issues in dealing with TB. It's not meant for light reading about an ugly subject, but it's still a good jumping off point for anyone who's studying this dreadful

disease.
