I'm a Cardiac Sonographer student ready to take the PSI test, i bought this interactive cd to review all my notes, and is a real time test that let you practice as much as you want with more than 600 answers and questions with lots of images and you can customize it per sections if you want, this is all you need to get ready for the test, is a MUST HAVE!!!!!!!

NOTE: Product compatible with Windows ONLY A CD-ROM mock exam for Ultrasound Physics compatible with Windows ONLY. New for the ARDMS SPI Exam! Here is the new SPI edition of the single best-selling mock exam devoted to the ARDMS exam in ultrasound physics. Powerful, featuresome, and fun, this multimedia wonder simulates the exam experience right down to the automatic timer, and it delivers CME credit conveniently and

inexpensively. Written by an internationally renowned sonographer who not only loves ultrasound physics but delights in and excels at explaining it to others. 600 questions and answers in registry format ensure that you are prepared. 83 image-based cases sharpen your wits. Simple explanations clarify answer choices. References guide your further study. Automatic timer paces you. Performance analysis automatically scores and guides you. Unlimited personal use means you pay only once. Earn 15 hours SDMS-approved CME credit.

About the AuthorCindy Owen, RT, RVT, RDMS, FSDMS, is a former ARDMS and ICAVL board member. She is Research Manager for Global Ultrasound at GE Healthcare and Director of Clinical Insights and Development at GE Healthcare Point of Care Ultrasound. James A. Zagzebski, PhD, is Professor and Chair of the Department of Medical Physics at the University of Wisconsin, Madison. In addition to his teaching, research, and writing, Dr. Zagzebski has lectured widely over the years, helping thousands of registry candidates pass their physics exam.
