Discover the essential tool to prepare for a career in medical insurance billing -- UNDERSTANDING HEALTH INSURANCE, 13E. This comprehensive, easy-to-understand, updated book presents the latest code sets and guidelines. You cover today's most important topics, such as managed care, legal and regulatory issues, coding systems, reimbursement methods, medical necessity, and common health insurance plans. Updates introduce new legislation that impacts health care, including the Affordable Care Act (Obamacare); ICD-10-CM coding; electronic health records; Medicaid Integrity Contractors; case mix management; hospital-acquired conditions; present on admission; and value-based purchasing. Practice exercises and the workbook (available separately) provides application-based assignments and case studies to reinforce your understanding, as well as CMRS, CPC-P, and CPB Mock Exams. New editions include online access to SimClaimtrade; CMS-1500 claims completion software and Optum's EncoderPro.com Experttrade;.

"MindTap's greatest strengths are the progress tracking and the ability to add [your own] materials that are gradable." "I'm convinced that the higher course ratings and grades were, in large part, a result of students' engagement. It was an unmitigated success." "Almost across the board, students using MindTap improved on the main learning objectives of the class ...I've never seen any results like this." "MindTap was very useful - it was easy to follow and everything was right there." "MindTap puts practice questions in a format that works well for me." About the Author Michelle A. Green, MPS, RHIA, FAHIMA, CPC, is an Adjunct Professor in the Health Information Technology Department at Mohawk Valley Community College, Utica, New York. She also teaches in the Health Information Management Department at Mount Wachusett Community College, Gardner, Massachusetts. Ms. Green held the position of SUNY Distinguished Teaching Professor in the Physical and Life Sciences Department at the State University of New York, College of Technology, Alfred, from 1984 through 2016. An active member of the American Academy of Professional Coders (AAPC) and American Health Information Management Association (AHIMA), Ms. Green has been recognized both for her excellence in teaching and for her significant contributions to the Health Information Management profession. She has earned numerous awards, including the State University of New York Chancellor's Award for Excellence in Teaching, Alfred State College's Alumni Association Teacher of the Year, Who's Who Among America's Teachers, and the FORE Triumph Educator Award from the AHIMA. Ms. Green is a Registered Health Information Administrator (RHIA), a Fellow of the American Health Information Management Association (FAHIMA), and a Certified Procedural Coder (CPC). She earned a BS from Daemen College and an MPS degree from Alfred University. Ms. Green has authored three successful books related to coding and health information management.
