Louis C. Gapenski : Understanding Healthcare Financial Management, Third Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Understanding Healthcare Financial Management, Third Edition:

This comprehensive text provides practical, systematic instruction in financial management. Intended for advanced graduate students, this updated text contains new chapters on securities valuation, distribution to owners, financial risk management, and expanded coverage of business valuation. This new edition also includes a disk that contains Excel

spreadsheet files and web site addresses to help students better comprehend the material. Restructured to give professors more flexibility, this text is written to be paired with *Cases in Healthcare Finance, Second Edition*. (This casebook contains updated versions of cases previously included in the text.)
