Mary Jo Bowie, Regina M Schaffer : Understanding Procedural Coding: A Worktext before purchasing it in order to gauge whether or not it would be worth my time, and all praised Understanding Procedural Coding: A Worktext:

2 of 3 people found the following review helpful. It doesn't come with the answers. By Hope_this_was_helpful. The book came quickly, and was required for school. A newer edition will be available in March. Some information was a little off because it was published in 2008. It doesn't come with the answers, the teachers have the answers. It came with a trial version of Encoder Pro which is very helpful, and can be reinstalled, but you need to be able to look things up quickly from the CPT, HCPCS, and ICD-9-CM books for certification.

Gain confidence in procedural coding with this comprehensive, hands-on worktext. Practice exercises are provided throughout to help you test yourself as you go, and procedures are illustrated to clarify concepts. When used in

conjunction with your CPT manual, this learning resource will help you master procedural coding for all medical specialties. This worktext will allow you to answer questions right in the book, making it both a learning tool and a personalized resource.

Chapter 1 Introduction to CPT Chapter 2 Modifiers Chapter 3 Evaluation and Management Chapter 4 Anesthesia Coding Chapter 5 Surgery and the Integumentary System Chapter 6 Musculoskeletal System Chapter 7 Respiratory System Chapter 8 Cardiovascular System Chapter 9 Hemic and Lymphatic Systems Chapter 10 Mediastinum and Diaphragm Chapter 11 Digestive System Chapter 12 Urinary System Chapter 13 Male Genital System Chapter 14 Female Genital System Chapter 15 Maternity Care and Delivery Chapter 16 Endocrine System Chapter 17 Nervous System Chapter 18 Eye and Ocular Adnexa Chapter 19 Auditory System and Operating Microscope Chapter 20 Radiology Chapter 21 Pathology and Laboratory Chapter 22 Medicine

About the Author Mary Jo Bowie is the owner of Health Information Professional Services in Binghamton, New York which provides medical record consultative services for various health facilities for over 25 years. She served as an instructor in the Health Information Technology Program at Broome Community College for over fifteen years, teaching such courses as Inpatient Coding, Ambulatory Care Coding, Quality Assurance, Survey of Healthcare and Computers in Healthcare. Ms. Bowie is now the Health Information Management and Medical Coding program director at Mount Wachusett Community College and an associate professor. She develops all course content within the curriculum to include ICD-9-CM and ICD-10-CM/PCS courses, CPT/HCPCS courses, Introduction and Advanced Health Data courses to name a few. Ms. Bowie is a registered Health Information Administrator and an accredited Health Information Technician. She is an active member of the American Health Information Management Association (AHIMA) and is also an AHIMA ICD-10-CM/PCS approved Train the Trainer. She served on the New York State Health Information Association Board of Directors from 1989 to 1991 and was education director and on the Ambulatory Coding Guideline Committee. Mary Jo Bowie was the New York State nominee for the National Award for Literacy Contribution to Profession, 1993 and 1994. She is a National and Regional speaker on ICD-9-CM, CPT and ICD-10-CM and ICD-10-PCS, as well as a course writer for Cengage Learning. Ms. Bowie holds an Associate of Arts Degree, a Bachelor of Science Degree and a Master of Science Degree. She has conducted over 50 national training seminars on ICD-10-CM/PCS coding. Regina Schaffer is a Reimbursement Educator Specialist for United Health Services in Johnson City, New York. She works with approximately 45 providers educating them on both ICD-9 and CPT coding. Ms. Schaffer also works as a consultant in Binghamton, New York and is an instructor in the Health Information Technology Program at Broome Community College. Ms. Schaffer is an active member of the American Health Information Management Association (AHIMA) and the American Academy of Professional Coders (AAPC), past secretary for the local AAPC Chapter from 2000 to 2002 and is a frequently requested speaker on ICD-9-CM and CPT Coding. Ms. Schaffer co-authored UNDERSTANDING ICD-9-CM and UNDERSTANDING PROCEDURAL CODING with Ms. Mary Jo Bowie. She is an accredited Health Information Technician, a Certified Professional Coder and holds a Bachelor of Science degree.
