truth as set before us in the Pauline epistles. This book is not hard to understand, David's writings are easy to follow, if you study the word first. If you don't study your Bible, how do you expect to understand man's book? David is very intelligent, it comes through in his writings. He loves his Lord, this too, this comes through the books he has written. He not only understands rightly dividing, he is a student of the word. If you want to know about the catching up, (rapture as we call it) This is our blessed hope; this is the book for you. There are many other subjects in this book, he explains the mystery, the body of Christ the one new man. One of the things I was happy to understand were the trumpets, and the trumps. I have never heard a preacher expound on this, ever. If you want an excellent explanation on our destiny, take the time to study this along with your bible, you will be happy you did. 2 of 3 people found the following review helpful. So Scripturally Sound! By De L. Trefethen The ICING on the CAKE! Be copiously blessed by this final offering in David's trilogy by adding it to your library of must read and own books. I recently ordered all three of David's books to give to a friend because I want my friend to understand God's BOOK rightly divided, and David's use of Scripture rightly divided gets the job done. This book, Up and Away, as has already been said by previous reviewers is par excellent. If you want to be encouraged with BOOK TRUTH, get yourself a copy of Up and Away and be thoroughly blessed. If you love the Lord and you want to know how God intends you to know His Word of Truth do yourself a huge favor and purchase all three of David's books to be completely educated unto edification, increasing your inner man unto maturity of a full grown adult son of God. David's books are full of Scripture. I appreciate that about David's writings. If you want to learn how the Scripture interprets Scripture read and own all three of David's books and be blessed. 1 of 2 people found the following review helpful. Sonship Stablishment Study Series

From the Back Cover What is God doing with the Gentiles today? Why is He doing it? When will He stop? What did you become a partaker of when you believed the gospel? What is our relationship to the Day of the Lord? What does God expect you to know about the future? What is your destiny and hope as a member of the body of Christ? Is "rightly dividing" important to your study of the word of truth? By following the Pauline pattern for edification, this book addresses these questions and more through an examination of the doctrinal issues set forth in the Thessalonian epistles. If successful, it ought to cause you to "walk in wisdom" and "redeem the time." It ought to produce "comfort," "stability" and an "earnest" expectation and longing in your soul for your "blessed hope" when you will be caught UP and AWAY.
