**Dana Oakes, Sean Shortall : Ventilator Management: A Bedside Reference Guide (2009 - 3rd edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ventilator Management: A Bedside Reference Guide (2009 - 3rd edition):

0 of 0 people found the following review helpful. Every thing you need to know about managing ventilators  
By Rhonda All the pocket books by Dana Oakes have information that is invaluable. Anyone taking care of a person on a ventilator should have this book.  
1 of 1 people found the following review helpful. Just What I thought It was going to be!  
By Respiratory Student I ordered the Dana Oaks Ventilator Management book as kind of a back up reference for when I go to clinicals next month. I wasn't too sure what book to get, so I got this one and a different Dana Oaks book. This one is great! Almost a complete review of everything we have gone over so far in school, and lots that we have yet to cover. Thanks a lot!  
0 of 0 people found the following review helpful. This book is a great reference to carry while on clinicals  
By nini This book is a great reference to carry while on clinicals. It truly helped me with my vents and helped me understand them much better.

This book is now out of print and out of date! The 2016 version is available (and with extensive updates is worth considering versus any older editions which may be available online).

About the Author Dana Oakes, BA, RRT-NPS. Mr. Oakes is currently an Educational Consultant and was formerly Director of Respiratory Care, VA Medical Center, Washington, D.C.; Educational Coordinator/Instructor, Respiratory Care Department, Children's Hospital National Medical Center, Washington, D.C.; and Director of Clinical Education, Respiratory Care Program, Columbia Union College, Takoma Park, MD. Mr. Oakes has been in the Respiratory field for over 30 years and has over 14 years of teaching experience including one-, two-, and four-year advanced Respiratory Care programs.  
Sean Shortall, RRT-NPS, RPFT. Sean is the Clinical Educator of Respiratory Medicine Department at Eastern Maine Medical Center in Bangor, ME. He formerly worked as a respiratory care practitioner and critical care educator at Dartmouth-Hitchcock Medical Center in Lebanon, NH. He has been in the Respiratory field for over 21 years, has co-authored several respiratory articles in national respiratory and nursing journals, and speaks frequently in the U.S. and Canada on Advances in Mechanical Ventilation.
