Jon Eisenson, Arthur M. Eisenson : Voice and Diction: A Program for Improvement (7th Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Voice and Diction: A Program for Improvement (7th Edition):

0 of 0 people found the following review helpful. Five StarsBy Theodore T.This book helped me get an "A" in the class in college!

This book provides comprehensive coverage of voice production, voice improvement, and articulation. In addition, pertinent material from related disciplines of speech and hearing sciences, linguistics, and phonetics is included. The seventh edition is updated to reflect contemporary information about voice production and diction-articulation, pronunciation, and intonation. In addition, it provides a comprehensive overview of voice, diction, and effective

communication. A new Appendix D, Pronunciation Watch, has been added to address ESL speakers' intonation and articulation problems. This practical book equips readers with the knowledge of how to use the mechanisms for voice and oral language effectively.
