Daniel R. Boone, Stephen C. McFarlane, Shelley L. Von Berg, Richard I. Zraick : Voice and Voice Therapy, The, Video-Enhanced Pearson eText -- Access Card (9th Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Voice and Voice Therapy, The, Video-Enhanced Pearson eText -- Access Card (9th Edition):

2 of 2 people found the following review helpful. Buyer Beware! Limited time access code/no mention in the description By Kimberly L Cairo There is nothing in the description of this item to indicate that it is a limited time period access code. The loose leaf version of the book is only \$10 more. Why would I purchase this product if I could keep the full book for an additional \$10? This salient fact should have been made clear when advertising this product!
