The Production Description is wrong !!! ..... no DVDBy Ng Yiu WingProduct description mentioned about DVD.... but not present indeed.I am disappointed at all about this.Maybe need to buy the older edition for DVD.The eText Assess card is also a cheat ... only 180 day access ... that means you

will lose your access to online contents !!! Totally not mentioned in the product description. 0 of 0 people found the following review helpful. Good for voice course

The only reason I wouldn't give it 5 stars is because it's a lot to pay for a book that doesn't have a binding. I do really like the e-text, though. It makes searching the book for key words much easier.
