Christine Sapienza, Bari Hoffman Ruddy : Voice Disorders before purchasing it in order to gauge whether or not it would be worth my time, and all praised Voice Disorders:

Written by leading specialists in voice, this book captures the science and art of clinical voice. A necessary book for every graduate student in the field of speech language pathology, this text provides a level of detail needed to assess and treat those with voice disorders. Supplemented with case studies and video examples relevant to the study of

clinical voice pathology, this edition provides supplemental material for the educator as well as pragmatic tools for the student and clinician.

About the AuthorChristine Sapienza, Ph.D., is a Professor and Chair in the Department of Communication Sciences and Disorders at the University of Florida, Gainesville, Florida. Dr. Hoffman Ruddy is an associate professor in the Department of Communication Sciences and Disorders at the University of Central Florida, Orlando. She also serves as the Director of the Voice Care Center at the Ear Nose Throat Surgical Associates, Orlando, Florida, and has worked clinically in this center for over twelve years. Hoffman Ruddy received her Ph.D. from the University of Florida in 2001.
