One of the best books - I discovered this at my chiro's office ...By GracehappensOne of the best books - I discovered this at my chiro's office and couldn't put it down. It's filled with loads of good information. I can't say it's an unbiased read...it definitely leans towards natural birth and mindful vaccination schedules, but if you are a mamma that is more on the side of drugs and c-sections, even you could find some great info from here. It might even change your mind a bit!1 of 1 people found the following review helpful. Not just for babies. For pregnant moms tooBy Steve and LizBook is well written, easy to read, great info. I wish I had gotten it while pregnant. A good portion of it is pregnancy related.2 of 2 people found the following review helpful.

Eye-opening resource regarding nutrition and good health. By Patti CP This is a great resource for anyone who wants to improve their health and the health of their children through good nutrition. It provides an excellent history and philosophy of the Weston A. Price foundation.
