2 of 2 people found the following review helpful. Leebov's book is outstanding, helpful and practiceBy S. C. BuchwaldThis book is an easy read with a tremendous amount of useful information. She provides the reader with ideas that are extremely useful and the ones I have tried actually work!

Achieve better results and more satisfaction, while improving your leadership skills!Looking for quick help in solving daily workforce problems that demoralize both you and your staff, and lead to less-than-perfect outcomes? This book will help you lead and inspire, and elevate the opinions your patients and their families have of your institution. It contains training tools exercises, checklists, meeting plans, question guides, scripts, and coaching techniques and an appendix of additional resources that you can use to quickly reverse the commonconflicts, miscommunications, and bad performances that stifle happiness and achievement at work. It is an easy, quick read, designed to accommodate tight work schedules and just-in-time management schedules. It addresses the daily problems that afflict most organizations and contains proven solutions you can apply immediately to get the immediate results and benefits you seek.
