Pat Wyman, Miller Levi : What's Food Got to Do With It?: 101 Natural Remedies for Learning Disabilities
before purchasing it in order to gage whether or not it would be worth my time, and all praised What's Food Got to Do With It?: 101 Natural Remedies for Learning Disabilities:

0 of 0 people found the following review helpful. It is a great -easy read for someone who needed information about

food ...By CustomerThank you! It is a great -easy read for someone who needed information about food as it can affect people.12 of 14 people found the following review helpful. Looking for an alternative to drugs?By A CustomerThis was an excellent book. I was looking for alternatives for my 2 boys who were diagnosed with ADD and ADHD. The psychologist wanted to put them on ritalin, right away. I can now say, thanks to this book, it got me started on my research for a more natural way of supplementation of vitamins and minerals for my kids. They are now SAFELY on the road to recovery and I have already seen good progress.11 of 14 people found the following review helpful. Easy to understand. Very informative.By A CustomerI really liked this book and found it usefull for myself and my kids. A must buy if you have kids and questions about nutrition and how it relates to learning, memory and proper development.
