I cannot disagree with anything he says here, and his point of view should be read by all who treat people for chronic pain related issues. Our current culture of well educated health care providers who just get it wrong because they learned it wrong needs to change. Every physician should ask themselves "If we are so good at what we do, why are results so uneven".This guy has a large part of the puzzle most healthcare providers need to understand3 of 3 people found the following review helpful.
