WHO Regional Office for the Eastern Mediterranean : WHO e-Atlas of Disaster Risk for the Eastern Mediterranean Region (Who Regional Office for the Eastern Mediterranean) before purchasing it in order to gauge whether or not it would be worth my time, and all praised WHO e-Atlas of Disaster Risk for the Eastern Mediterranean Region (Who Regional Office for the Eastern Mediterranean):

This CD-ROM is a tool to help disaster management decision makers predict the magnitude of a disaster on a specific population, to assess where damage might be the greatest and to forecast specific resources which may be required to reduce health risks to vulnerable populations. It uses GIS and disaster models that cover all the countries of the Region.
