Bob Elling, Kirsten M. Elling, Mikel Rothenberg : Why-Driven EMS Enrichment before purchasing it in order to gauge whether or not it would be worth my time, and all praised Why-Driven EMS Enrichment:

"Why" Driven EMS Enrichment is a series of questions and answers that serves as a supplement to other course materials in EMS programs. This supplement follows the DOT Paramedic curriculum objectives and is written in an easy to read style that students of all educational levels will find approachable. Covered topics include the role, responsibility and well being of the EMS provider, general principles of pathology, pharmacology and medicine administration, patient assessment and physical examinations, body system specialties like cardiology and neurology, dealing with various traumas, and rescue and crime scene awareness. "Why" Driven EMS goes beyond the explanations of other EMS text books and offers frank, usable advice on how to handle extreme situations and

understand complex material.
