Betsy Vinson : Work-Place Skills and Professional Issues in Speech-Language Pathology before purchasing it in order to gage whether or not it would be worth my time, and all praised Work-Place Skills and Professional Issues in Speech-Language Pathology:

Designed for SLPs in the workplace, this eminently practical book covers material often lacking in clinical preparation, including a review of the ASHA Code of Ethics and its relationship to various workplace settings; interpersonal skills including teamwork, time and stress management, conflict resolution, and burnout; supervision; personal liability; clinical decision making, legislation affecting service delivery, and client advocacy. Also included is a chapter on business practices.
