**Brent H Braveman PhD ATC PT FNATA, Jill J Page OTR/L : Work: Promoting Participation Productivity Through Occupational Therapy** before purchasing it in order to gage whether or not it would be worth my time, and all praised Work: Promoting Participation Productivity Through Occupational Therapy:

0 of 0 people found the following review helpful. Good book. Nice to finally have a book specific ...By KatrineGood book. Nice to finally have a book specific to what I work with, rehabilitation where work is the main goal. Hopefully there will come more books on this subject.

Here's the first book of its kind to provide a comprehensive overview of the full range of occupational therapy interventions for work-related services. The authors build a foundation of knowledge based on the development of the worker role, the meaning and function of work in modern day society, and cultural interpretations of work. They then focus on specialized areas of occupational therapy assessment and intervention, including psychosocial and physical assessment and preventative programming.
