0 of 0 people found the following review helpful. Excellent bookBy JPGoes along well with the text book and has great exercises to really help learn the material. I would recommend this to anyone going into the medical office.0 of 0 people found the following review helpful. Health Insurance Today bookBy technoMy wife used this for her Medical Assistant courses.0 of 0 people found the following review helpful. Five StarsBy FloydWell pleased

Practice the skills you'll need to succeed in health insurance billing! Corresponding to the chapters in Health Insurance Today, 3rd Edition, by Janet I. Beik, this workbook offers preparation for the tasks you'll encounter on the job. Practical assignments reinforce the information in the textbook, and learning activities and exercises ask you to apply

your knowledge to real-world situations. Case studies ask you to solve a real-world problem related to health insurance, such as completing a CMS-1500 claim form or explaining how HIPAA could affect someone recently out of work. Critical Thinking activities strengthen your ability to apply health insurance concepts to a variety of challenging situations. Performance objectives include hands-on, application-based learning activities in areas such as completing claim forms, posting payments to a patient's ledger, filling out Release to Return to Work forms, and filling out Medicare appeals. Chapter assessments test your knowledge of text content with multiple choice, true/false, short answer, fill-in-the-blank, and matching questions. Application exercises ask you to apply your knowledge and skills to real-world situations. Defining Chapter Terms help you review and understand key terms in each chapter. Problem solving/collaborative (group) activities emphasize the importance of teamwork in the health care field. In-class projects and discussion topics enhance your understanding of specific content from the text. Internet Exploration exercises in each chapter help you learn how to perform research online. NEW! Key coverage of new topics includes medical identity theft and prevention, National Quality Forum (NQF) patient safety measures, ACSX12 Version 5010 HIPAA transaction standards, EMS rule on mandatory electronic claims submission, and standards and implementation specifications for electronic health record technology. UPDATED! Additional ICD-10 coding content prepares you for the upcoming switch to the new coding system. UPDATED! Medicare chapter reflects updates and changes from the new presidential administration.
