Nancymarie Phillips, Patricia Sedlak : Workbook for Phillips/Sedlak's Surgical Instrumentation (Phillips, Surgical Instrumentation) before purchasing it in order to gage whether or not it would be worth my time, and all praised Workbook for Phillips/Sedlak's Surgical Instrumentation (Phillips, Surgical Instrumentation):

0 of 0 people found the following review helpful. Not for me. Probably good for young OR trainees that already know the instruments and names. By CustomerNot what I was looking for. I was looking for something that had the names of the instruments used in surgery. This book is basically for any surgical OR staff and not a MTE. Basically it gives you an instrument and you have to name it which is not very helpful when I do not know the name of the instrument to begin with and that is why I ordered this. 0 of 0 people found the following review helpful. dont. By Mark G. dont buy

it0 of 0 people found the following review helpful. Three StarsBy Kelly MOk not to bad

This comprehensive, detailed surgical instrument text encompasses basic through advanced concepts. The book presents individual instruments in collections and similar types by function and explores their common uses. The construction of each instrument is broken down in detail. The instruments are categorized in a consistent order and the logic of set assembly for procedures is described at an understandable level. It is an ideal book for surgical personnel of all disciplines.

About the AuthorNancymarie Phillips, RN, BA, BSN, MEd, PhD, RNFA, CNOR(E), is Professor Emeritus at Lakeland Community College in Kirtland, Ohio, where she was Director of Perioperative Education and the Surgical Technology Program Director. A perioperative nurse since 1975, Dr. Phillips is a registered nurse and Registered Nurse First Assistant, and certified in perioperative nursing. Active in many areas of the nursing field, Dr. Phillips has held local and national positions with AORN, and the Competency and Credentialing Institute (previously the Certification Board for Perioperative Nursing), in addition to authoring and contributed to many articles, textbooks, and book chapters. She holds undergraduate degrees in health services and nursing from Ursuline College in Pepper Pike, Ohio, as well as masters and doctoral degrees in adult education and development from Cleveland State.Patricia Sedlak, RN, BSN, RNFA, CST, CNOR has been a perioperative nurse for more than twenty years. Her baccalaureate is in nursing from Frances Payne Bolton School of Nursing at Case Western Reserve University. Mrs. Sedlak was the recipient of the C. Joan Gowin Merit Scholarship in 1995 and the Lorain County Community College Foundation Scholarship in 1998. She is certified in perioperative nursing and surgical technology and credentialed by the Ohio State Board of Nursing in Registered Nurse First Assisting. She is a member of AORN, AST, and Sigma Theta Tau Nursing Honor Society. Mrs. Sedlak was awarded the Community Health Partners Foundation Board Grant in 2003 and 2004 for medical missionary work in the Dominican Republic with the Lorain County Community College surgical technology students. She won the Teacher of the Year and Teaching Excellence distinction in 2001, 2002, 2003. She is the Program Director for Surgical Technology and Registered Nurse First Assisting at Lorain County Community College, In Lorain, Ohio.
