Douglas S. Gardenhire EdD RRT-NPS FAARC, Robert J. Harwood MSA RRT NPS : Workbook for Rau's Respiratory Care Pharmacology, 7e before purchasing it in order to gauge whether or not it would be worth my time, and all praised Workbook for Rau's Respiratory Care Pharmacology, 7e:

0 of 0 people found the following review helpful. Five Stars By JoGreat!!! 0 of 0 people found the following review helpful. Perfect!!! By R. Murry This workbook helped me tremendously with my cardiopulmonary pharmacology class! It even has questions that would be on the NBRC exam and all of the workbook answers are at the back of the book! 1 of 2 people found the following review helpful. Very Helpful!!!! By Shadow I am very glad that I decided to order this book. I couldn't find it at my local bookstore since it's not a requirement for the course I'm registered for so I had to order online. I ordered from here because it's very reliable, had free shipping, and I can always track the items I order. I also want to add that the answers are included with the workbook so you can always check to see if you answered them correctly or if you like, just copy the answers and use it as a review. Overall, it was worth it. I'm very happy with

my purchase.

This valuable workbook to accompany RAU'S RESPIRATORY CARE PHARMACOLOGY includes NBRC type questions, critical thinking exercises, case studies, labeling exercises, definitions, crossword puzzles, as well as appropriate content review to help break down the difficult concepts in the textbook. Answers are at the end of the workbook.
