Well organized.Interesting.Good descriptions, examples,good organized, good strategies,"correct" and "incorrect "Very good for nurse after school. Highly recommend. .This us just book for me.0 of 0 people found the following review helpful. School NecessityBy ChamsThe book looks brand new and was priced very competitively. Could not even tell that it was used at all. Needed this book for school on short notice and was able to get it quickly without any hassle. While a new edition of this book has come out, there is not much difference with this book other than the worksheets are different and the chapters seem to be rearranged a bit. Overall very satisfied!

An ideal resource for any health care professional needing to learn or improve their skills—with simple, straightforward explanations of the hows and whys of documentation. It also keeps pace with the changes in Physical Therapy practice today, emphasizing the Patient/Client Management model. Section by section, exercise by exercise, the 4th Edition will help you to write clear, concise, and correct patient care notes using a variety of tools, including SOAP notes.
